Trial and Case Highlights

- In a recent Northwest Indiana jury trial, Charles assisted in achieving a defense verdict in Federal Court. He and Partner Thomas Ehrhardt defended a prominent transportation company against a woman who sustained massive injuries, including facial and dental reconstruction, with medical damages exceeding \$240,000 when a truck hit the disabled car in which she was a passenger. The plaintiff's counsel asked the jury for \$2,200,000; the pre-trial offer was \$50,000.
- Charles was instrumental in obtaining a defense verdict in a case alleging two wrongful death claims arising out of a propane gas explosion. Our firm represented a propane gas supplier and HVAC repair service company. The plaintiffs were the estates of the two decedents. The allegations were improper installation, servicing, and maintenance of the propane gas system and negligent repair of the furnace. Plaintiffs' counsel requested \$2,000,000 from the jury for their verdict request.
